LAWYER SPOTLIGHT

Greg Mier was born and raised in Lafayette, Louisiana. He graduated from Lafayette High School in 1980. After graduation, Greg attended Texas A&M University in College Station, Texas and earned his degree in Chemical Engineering in 1984. Prior to attending law school, Greg worked as a Chemical Engineer for Texas Eastman (a subsidiary of Eastman Kodak) in Longview, Texas. He then attended Loyola Law School in New Orleans, Louisiana and graduated in 1996.

Greg's most memorable professional accomplishment occurred while representing a small business in a high-stakes copyright infringement lawsuit where a multi-national, multi-billion dollar company was seeking millions of dollars in damages from Greg's client. After years of contentious litigation, Greg facilitated a change of fortune for his client, enabling it to collect millions of dollars in compensation from the larger company.

Greg's practice includes intellectual property law (patents, trademarks, copyrights, trade secrets), immigration law, unfair competition, labor and employment law (OSHA, affirmative action), environmental law, and electronic discovery and information management. He is a registered patent attorney and is licensed to practice in the state and federal courts of Louisiana and the United States Fifth Circuit Court of Appeals.

In his free time, Greg enjoys spending time with his family and his Labrador Retriever puppy.
